

Welcome to the Chicago Fire Juniors South Fall Developmental League!
Chicago Fire Juniors South is partnered with Frankfort Park District Soccer League

Thank you for participating in our Fall Developmental League. We are excited to be working with Frankfort Park District in developing this league for the Frankfort Community.

Location: Commissioners Park 22108 S 80th Ave. Frankfort, IL 60423

Please wear Grey jersey, shorts, and bring the following to every training / game day:

- Red Jersey
- Soccer Ball
 - ❖ Size 3 (4 yr olds – Kindergarten)
 - ❖ Size 4 (1st grade – 6th grade)
- Water
- Shin guards with long socks covering them
- Soccer shoes or tennis shoes

We will train and teach the players 1 day per weeknight and games will be on Saturday. No scores will be kept and wins and losses will not be recorded. Please remember this is recreational soccer while the games are being played and cheering for your child and their team.

Picture day: September 16th (Times TBA)

We will supply referees and Fire Staff trainers for the games, however this program does utilize parent coaching and we will have the volunteer coaches assist the Fire Trainers at games. We would like to have 1 parent volunteer coach per team to help on game days with time management and substitutions. If your child wanders off please help us by directing your child back to the group. You may work alongside of your child if he / she needs comforting but please follow our trainers lead.

For severe weather cancelations we will be communicating through team sideline and your team's site. In the event of a cancelation all participants will receive an email via team sideline.

Chicago Fire Juniors South offers a competitive program for Boys & Girls U08 – U18. For more information please visit: www.ChicagoFireJuniorsSouth.com

We look forward to working with your child and developing their skills in a sport we are very passionate about.
