

Prairie Care Phone System

Prairie Care currently has two phones. One phone is the office phone and the other phone is the Prairie Care cell phone. Provided are the list of important phone numbers that are posted on a bulletin board at the Prairie Care Office/Site, including the Prairie Care office phone and cell phone.

- **Prairie Care Office Phone # 815-464-2887**
- **Prairie Care Alert Cell Phone # 815-641-2458**
- **Grand Prairie Elementary Office # 815-499-3366**
- **Chelsea Intermediate School # 815-469-2309**
- **Frankfort Police Department # 815-469-9435**
- **Frankfort Fire Department # 815-469-1700**

Parents may call the office phone during Prairie Care hours and staff will assist you. This number is connected to an answering machine as well. If you would like to leave a message, staff will get back to you as soon as possible.

The cell phone is used as an alert system due to the school building doors being locked. When the staff members hear the cell phone ring, they will go to the front door and let parent(s) in to the building. ID's must be checked if someone new is picking up or a person is unrecognized as being the authorized pick up person. The front doors will be locked at all times.

We encourage parents to enter both the Prairie Care office phone and cell phone alert number into their contact list on your cell phone. Both numbers will be posted on the front door for your convenience.

Please contact Prairie Care or the Park District office staff if you have question about the current phone system.
